## Antimicrobial Awareness Week – November 18 – 24, 2022

Third and second year students participated in video and model making competition, organized on the occasion of **National Pharmacy Week (Nov' 16 – 22, 2022)** and **Antimicrobial Awareness Week (Nov' 18 – 24, 2022)**. Students spread awareness about the use of antibiotics under the theme '**Preventing Antimicrobial Resistance Together**'. Students have made the video for safe use of antibiotics to avoid resistance, uploaded that video to their YouTube account, and shared it with others. The winners were selected on the basis of theme, content and number of views attained. **Mrs. Bharti Fegade** organized and coordinated the event.
